SURFACE FINISHING SYSTEMS

---

## CENTERLESS BUFFING MACHINES

---

**Model : OD 25**

**Model : OD 25-2**

Single & Twin Head Centerless Buffing Machine for Round Tubes, Pipes & Bright Bars.  
Capacity : 10 to 100 mm Dia for Tubes & upto 50 mm Dia for Bars.

---

## MICRO POLISHER FOR AUTOMOBILE COMPONENTS

---

**Model : 99**

### FEATURES :

- Excellent low Surface Finishes achievable using PVA Polishing Wheels with Coolant System.
- Heavy Duty Cast Iron Body.
- All the Slides are precision hand scraped.
- Dressing attachment for Polishing & Regulating Wheels.
- Weight of the Machine - 850 Kgs.

### APPLICATONS :

- For Micro Finishing of Automobile Components.
- Front Suspension Inner Tubes.
- Shock Absorbers Piston Rods.
- Compressor Shaft.
- Hydraulic Piston Rods.
- Crank Pins.

---

## ABRASIVE BELT CYLINDRICAL FINISHER

---

**Model : OD 50**

**Model : OD 250-2**

Heavy Duty Single & Twin Head Centerless Grinding Machine for Round Tubes, Pipes & Bright Bars.  
Capacity : 10 to 250 mm Dia for Tubes & upto 50 mm Dia for Bars.

**Model : OD 50-3**

**Model : OD 50-4**

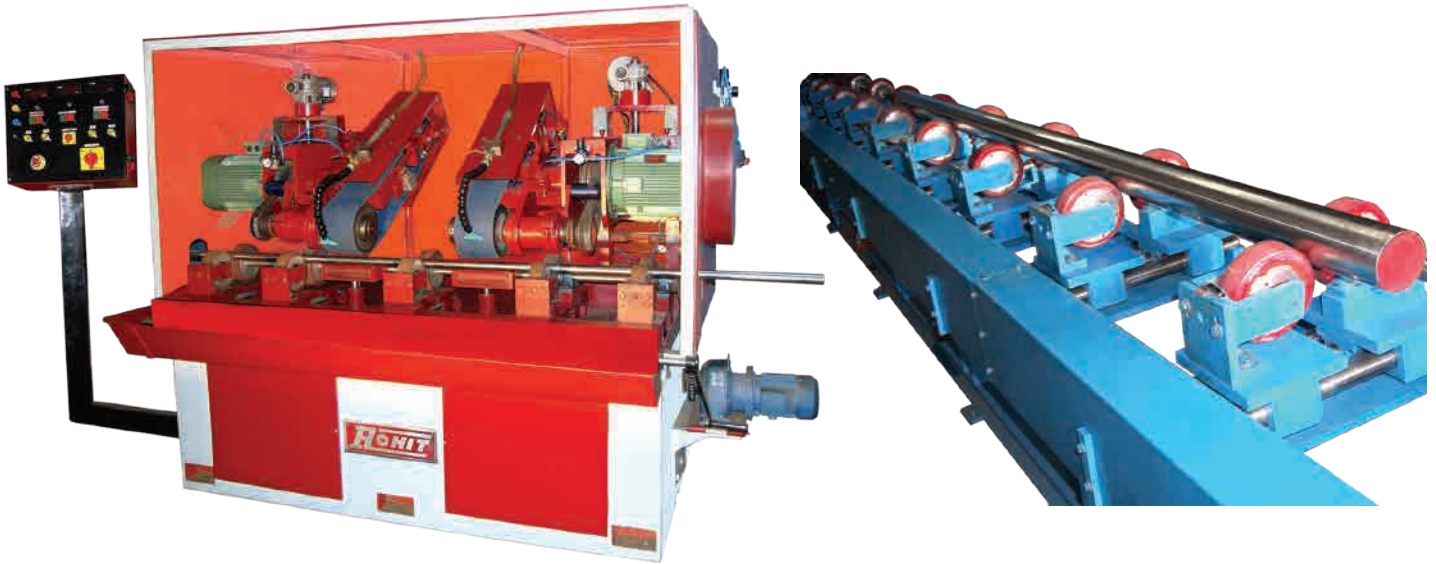

Heavy Duty Three & Four Head Centerless Grinding Machine for Round Tubes, Pipes & Bright Bars.  
Capacity : 10 to 250 mm Dia for Tubes & upto 50 mm Dia for Bars.

---

## TWIN FLOATING HEAD ABRASIVE BELT ROLLER DRIVEN CYLINDRICAL FINISHER

---

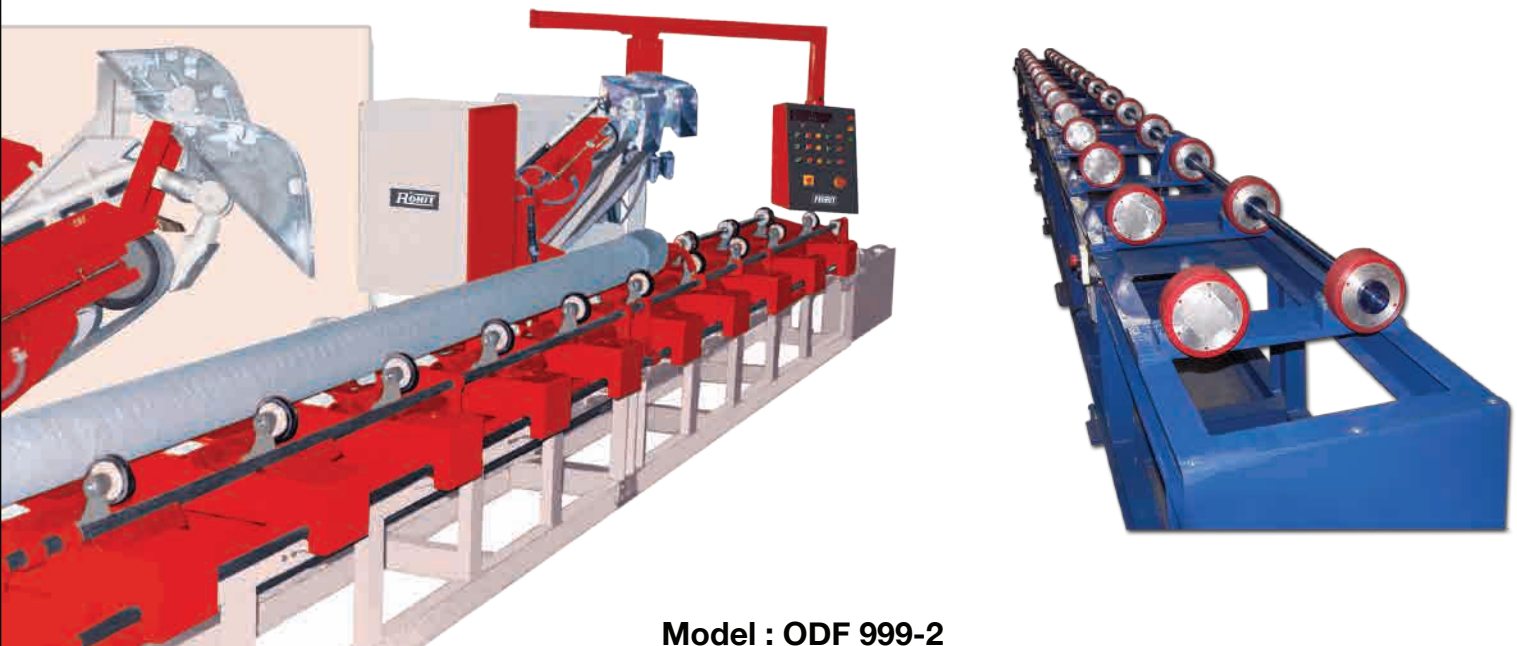

**Model : ODF 150-2**

Twin Floating Head Grinding Machine with Self Centering Roller Guide for SS Bright Bars.  
Capacity : 25 to 150 mm Dia SS Bright Bars.

---

## ABRASIVE BELT TUBE GRINDING / SANDING SYSTEM WITH ROLLER GUIDE

---

**Model : ODF 999-2**

Twin Floating Head Grinding / Sanding Machine with Roller Guide & Coolant System for FRP Tubes, Vessels, Fibre Glass Membranes.  
Capacity : 100 to 500 mm Dia & upto 15 Meters Length.

## ABRASIVE BELT CONVEYORISED SURFACE POLISHER

**Model : ZX 150**

**Model : ZX 300-2**

Heavy Duty Single & Twin Head Grinding Machine for Flat Bars / Square & Hex Bars  
with 15 HP Main Motor & Abrasive Belt Size 150 / 200 / 300 X 2000 mm.  
Weight of the Machine : Single Head Machine is 1200 Kgs & Twin Head Machine is 2500 Kgs.

**Model : ZX 150-4**

Four Head Grinding & Buffing Machine for  
Flat Bars / Square & Hex Bars. with Dust Collector Enclosure & Optional Dust Collector.

---

## FLOATING HEAD CONVEYORISED SURFACE POLISHER

---

**Model : ZXF 150**

**Model : ZXF 150-2**

Heavy Duty Single & Twin Floating Head Grinding Machine for Flat Bars / Square & Hex Bars  
with 15 HP Main Motor & Abrasive Belt Size 150 & 200 X 2000 mm.

---

## SPM FOR SS ANGLE GRINDING - HEAVY DUTY

---

**Model : ZXA 150-2**

Twin Head Special Purpose Machine suitable for Inner & Outer face Grinding of  
SS Angles of size 20 to 150 mm.

## CONVEYORISED SURFACE POLISHER WITH OSCILLATION

**Model : ZXB 150-5**

Three Head Abrasive Belt Conveyorised Grinding Machine suitable for Deburring Operations on Laser / Plasma Cut or Sheared Sheets & Plates & Flat Parts + 2 Head Buffing Machine with Dust Collector Enclosure.

**Model : ZXB 200-9**

Nine Head Conveyorised Buffing Machine for Mirror Polishing of Square Tubes, Rectangular Sections, Aluminum Extrusions with Roller Supports. Oscillation Mechanism for achieving uniform Mirror Finish on any Metal.
